

Alconbury Parish Council Meetings – February 2021

The Combined Authority have launched options for improving the A141 around Huntingdon were today made public by Mayor James Palmer on a new microsite set up to ask people's preference.

Mayor Palmer is asking anyone with an interest in the A141 – road users, local residents, nearby businesses, and community organisations to view the range of options under consideration and say which solution they want the Cambridgeshire & Peterborough Combined Authority and its partners to carry forward.

The Combined Authority launched plans for "its your **A141 – Have Your Say!**" microsite today at www.youra141.co.uk

It includes six options for consideration by the public, ranging from a full bypass of northern Huntingdon to improvements based around rural hubs and active travel.

The Mayor, who leads the Combined Authority, is sharing the longlist of potential options to generate comment on the pros and cons from as many people as possible who live near the A141 or use it. Councillors and members of the public are urged to respond to this proposal.

COVID 19

The County Council would like to remind people that if they need help during this pandemic, they should go onto either the County or District website's or phone the Countywide Hub on 034504552.

In the last seven days up to the 16th February the number of new people tested positive for Covid 19 in The Alconbury's, Stukeleys and Brampton area was 10 which gives a rate of 104.5 per 100,000 of population.

The latest information I have on the Coronavirus in Huntingdonshire for the period from 15th February to 22nd February, is that there were 226 new cases over the last seven days. Which equates to 121.4 cases per 100,000 of population. This is a decrease of 8% compared to the previous seven days. There were 9 more deaths in the last seven days, which were within 28 days of a positive test.

The County Council has approved its budget for the next financial year, which will see 20 million extra spent on footpath maintenance, ie repairs and resurfacing.

Along with an additional 2.73 million will be spent on measures to prevent flooding and improve local biodiversity. This will include new measures such as rapid gulley cleaning at all known risk sites and better verge maintenance on rural roads avoiding peak flowering times. Plus a series of initiatives to provide both active and practical support for local communities to address flooding.

The opposition Liberal Democrat, Labour and Independent Councillors voted against these increases in the footpath maintenance and flood prevention budgets.

The County Council's proportion of Council Tax will rise by 1.99% with an additional 1% on Adult Social Care precept. The remaining budget gap is proposed to be filled by deploying 3.8million from the Councils Transformation Fund, thus keeping the increase to a minimum for residents

The District Council's Budget Meeting is next Wednesday Night 24th February at which it is proposed to put forward a Nil increase in Council Tax Budget

The Fire Authority has agreed a 2% increase in its Council Tax Precept.

With regard to Flooding HDC & CCC are engaging with other organisations to review the recent flooding events. To identify what could have been done better to support our communities in the event of a flood and what actions can be taken to reduce the risk of flooding

The New County Council Hub at Alconbury Weald will be known as ' New Shire Hall' and will open in September 2021 and is anticipated to come in under budget.

The options for the new A141 bypass for Huntingdon have been publicised by the Combined Authority for more information go to : [https:// youra141.co.uk](https://youra141.co.uk)

Which goes through the various options for the scheme and allows you to make comments.

If you have any questions or queries please do not hesitate to contact me

Kind regards

Ian

Cllr Ian Gardener

County & District Councillor for Alconbury
